12 Sierra Confirmed Compatibility List: Mac OS 10 12 Sierra Incompatibility List: ) Please Note: All Incompatible Firmware Updates were released BEFORE Mac OS 10.

Adjust the diameter and shape of the Liquify tool by holding down the Alt (Windows) or Option (Mac) key while dragging the brush shape smaller or larger.. Sony is really slow to support new Mac OS, so I'd advise finding a friend who didn't update to Sierra and showing up with a six pack or a nice bottle to share while you update your cameras.
